

## Workshop – Tony Monaco

Image transfer mixed media

August 7, 2021 (One session: 3 - 4 hours.)

### Workshop Description:

This workshop will be hands-on.

During this workshop, you will learn the art of image transfers. Your photos will be transferred to mixed media substrates, watercolor papers, and canvas boards. Each of the three image transfer processes taught during this workshop will yield a different look to the final image. Although there are many ways to transfer photographs, I will teach you my favorite ways of delivering the most predictable outcomes while still keeping it an original one-of-a-kind masterpiece.

### Location

fotofoto Gallery 14 West Carver Street, Huntington, NY

### Prerequisite:

Please email me three images that you would like to use during the transfer workshop. By doing so, you acknowledge that I may need to tweak and crop your photograph in preparation for the transfer. It is best to use images that do not have busy backgrounds or heavy lines. All digital images must be in my email box no later than five days before the workshop.

### Dates – One Session

Saturday, August 7, 2021

1pm to 4pm

## Fees

Space is limited to eight participants.

\$150.00

## Workshop Host - Tony Monaco:

From abandoned buildings to forgotten cemeteries and city landscapes in small towns across America, these are at the heart of Tony Monaco's work. While at the same time, his macabre-recognized technique draws the viewer's attention to the fine details of his images. His bold use of color and strong compositional elements, along with mixed media post-processing image transferring, makes his one-of-a-kind images convey the intense beauty and devastation the artist sees in the world around him.
